

## Surely I am With You Always

Warm greetings in the precious name of Jesus Christ! I hope you are all busy with Christmas holidays, shopping, and spending time with extended family, even though some of our family members and friends have abruptly ended this journey on earth and have started a new and joyful journey with Christ in heaven.

Human history testifies in the 20<sup>th</sup> & 21<sup>st</sup> centuries. There are flus and pandemics, starting with the Asian Flu in 1957, the AIDS pandemic in 1981, Swine Flu in 2009, Ebola pandemic in 2014, Zika virus in 2015 and now, since 2019, the Coronavirus. There were also numerous wars: World War I and II, India vs. Pakistan, the Arab-Israeli conflict, and the Korean, Vietnam, Gulf and Mexican Drug wars. We also keep on adding small and medium size wars all over the globe.

In spite of these unpleasant situations, the Prince of Peace is calling us to His great commission: “Go and preach the Word” here and beyond.

2021 stands as a challenging year to all of us, all around the globe. Even so, PPMI has served food to over 3,500 families during full and partial lockdown periods in India, along with focusing more on discipleship and sharing the love of Christ through personal evangelism. From afar, you made it possible for us to help people! PPMI is grateful and thankful for your generosity during these tough times and especially in 2021.

Through His gospel, we are looking forward to having opportunities to preach, teach and share Jesus Christ in 2022, as well as coming along side of nearly 70 congregations for service projects like food distribution and eye and health camps. PPMI always claims “Jesus is with us”, just as He promised to His apostles & disciples. Now, PPMI is coming to you to ask you to “come with us“, to continue to pray, support and journey together for His glory, through the Christ the redeemer.

May God richly bless you all!
