

Dear Donors, Friends and Family,

Greetings in Jesus our dear Lord! The PPMI Global Family is always thanking the Lord for you and we are very grateful for God's provision and health to you all during these unknown times. We have upheld you all in our regular prayers as we are heading into the flu season, along with the troublesome times of the COVID-19 pandemic times.

In spite of these unpredictable times, our team of pastors and God's servants have been working hard in reaching out the rural people, who are in helpless situations because of their traditions, culture, false religious and faith practices. People are struggling because they cannot reach work opportunities in the farming industry, small-scale rural industries or other everyday jobs. These times have brought a new challenge: the need for physical food, along with spiritual food.

We are very grateful and thankful for your generosity through your prayers, support and financial help with food, provisions and sharing the gospel to people that have been struggling in darkness, especially during the past six months of COVID-19. We seek your continual prayers, as our team of pastors are reaching out to people every day, both in person and by phone.

We are very thankful for the support you've given us since 2011. We appreciate your continual help, both through prayer and in our upcoming drive-thru fundraiser, happening October 3, 2020 at Souderton Mennonite Church, Souderton, PA.

God bless you all with heavenly blessings and His peace,

PPMI Board Members and PPMI Global Family.
